Voter Registration (Updates)

For a new voter registration nothing changes, these applications will still be processed as they are received. However, for applications that are being updated additional information will be required.

Only a Florida voter registration application can be used when making a party change or a name change.

A voter can still request an address change by phone, fax, or email to the SOE of the county they have moved to but must provide their date of birth **and** driver's license number, or Florida ID number, or the last four of their social security number for verification in the SOE's records. Additionally, voters can still use a Florida voter registration application to make an address change.

Vote-by-Mail Requests

A vote by mail request will cover **ALL** elections through the end of the calendar year of the next scheduled general election. Any existing vote by mail requests that we have on file will be valid through the end of 2022.

To request a vote by mail ballot for themselves, either in person or by phone, they must provide the following information...

- Voter's name
- Voter's address
- Voter's date of birth
- Voter's Florida driver's license number or Florida ID card number, or last four of your social security number
- Voter's signature (written requests only)

Immediate family member or legal guardian requesting a vote by mail ballot on a voter's behalf, must provide the additional information...

- Requestor's name
- Requestor's address
- Requestor's date of birth
- Requestor's Florida driver's license number or Florida ID card number, or last four of their social security number
